## SMARTPACK 35

**ROTARY SCREW AIR COMPRESSOR**  
**35 CFM POWERFUL & PORTABLE**

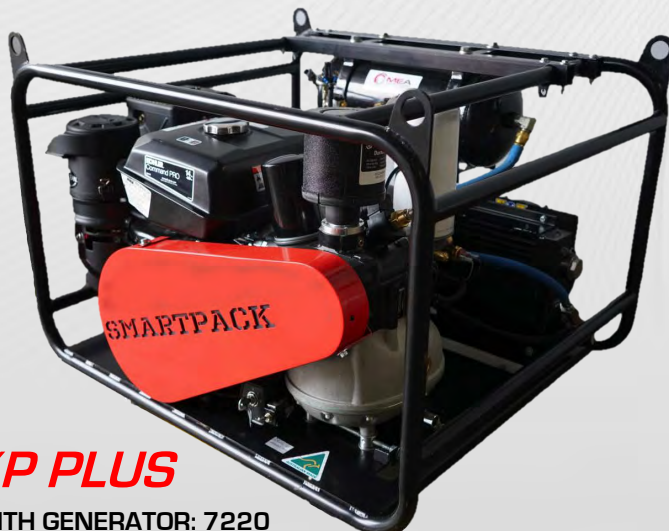

### **SP35-D/P FRAMELESS**

DIESEL MODEL: 7219-2  
PETROL MODEL: 7214-1

### **SP35-D/P**

DIESEL MODEL: 7219  
PETROL MODEL: 7214

### **SP35-D/P PLUS**

DIESEL MODEL WITH GENERATOR: 7220  
PETROL MODEL WITH GENERATOR: 7218

# POWERFUL. RELIABLE. AIR.

SP35 - V.B.2.0

## FEATURES

- ❖ Petrol or Diesel models.
- ❖ SmartPack Plus comes complete with 3.5 KVA 240 volt generator.
- ❖ Compact 35CFM@7 bar (100psi) rotary screw compressor.
- ❖ 100% duty cycle.
- ❖ Integrated mounting frame.
- ❖ Minimum hose connection due to compressor compact design.
- ❖ Over temperature shutdown.
- ❖ Over pressure shutdown.
- ❖ 14Bar (200psi) safety valve.
- ❖ Reduced fuel consumption.

## BENEFITS

- ❖ Continuous air on demand system.
- ❖ Fully complete unit - ready to use.
- ❖ Un-matched power to size ratio.
- ❖ The proven reliability of superior rotary screw air compressor technology.
- ❖ Fully portable design and made for easy interchanges between vehicles.
- ❖ Perfect ease of access for all components on compressor.
- ❖ Heavy duty durable frame.
- ❖ Two stage corrosion resistant powder coated finish.
- ❖ Overall lower running costs.
- ❖ Overall lower maintenance costs.
- ❖ Engineered specifically to suit Australian conditions.
- ❖ Suitable for most industrial applications and requirements.

## VERSATILITY PLUS

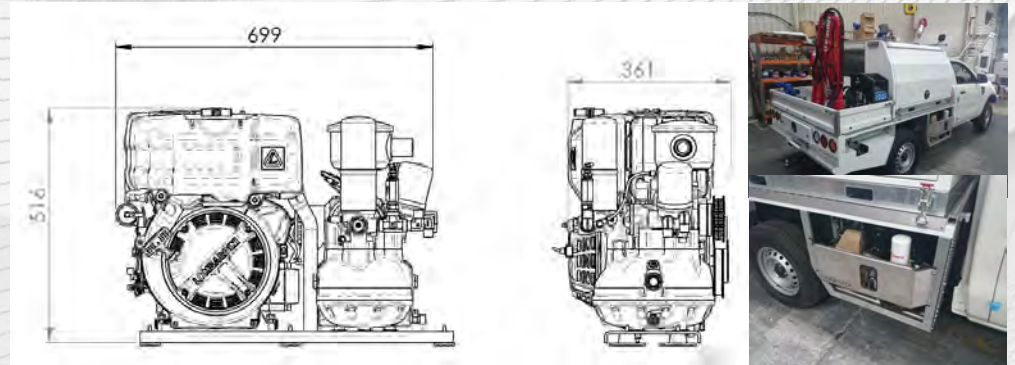

Designed to be the most powerful, versatile, and highly cost effective rotary screw air compressor on the market. Powered by the reliable 14 HP Kohler petrol engine or the Kohler 10.3 HP diesel engine. The SmartPack 35 has been engineered specifically to be lightweight, compact and versatile. Equipped with a self-regulating load/unload control system, automatic speed regulation to reduce fuel consumption and noise levels when unloaded. The SmartPack 35 range maintains high levels of deliverable air on demand from the 35 cfm SmartPack compact rotary screw compressor.

The SmartPack 35 range offers quality, reliability and lower maintenance costs while providing unmatched air power and efficiency. Also available in Diesel/Petrol SmartPack 35 Plus combination, 35 cfm, 3.5 KVA 240 Volt generator versions. The SmartPack 35 series has been developed with maintaining portability and ease of service access in mind. The standard heavy duty quality steel frame has a durable two stage corrosion resistance powder coated frame to help protect against the harshest of environmental factors.

## FRAMELESS MODELS ARE ALSO AVAILABLE

The SmartPack 35 is available in frame-less models. Which are perfectly suited for mounting in space saving areas of your work vehicle. The below images show SP35-D frame-less model and possible space saving under ute tray mounting option.

## SPECIFICATIONS

Engine type	Kohler 14HP Petrol	Kohler 10.9HP Diesel
Compressor type	Rotary screw oil injected belt driven compressor.	
Air volume	35 CFM	
Air pressure	7 Bar (optional 10 Bar available)	
Safety valve	14 Bar (200 PSI)	
Air tank volume	11 Litre	
Key start	12 volt	
Fuel capacity	7.4 Litre	
Wet weight SP35	120kg	130kg
Wet weight SP35 PLUS	145kg	157kg
Dimensions SP35	(L) 987mm X (W) 633mm X (H) 637mm	
Dimensions SP35 PLUS	(L) 987mm X (W) 748mm X (H) 637mm
